Defensible Space

Inquiries regarding creation and/or maintenance of defensible space in accordance with California Public Resources Code §4291 should be directed to CAL FIRE or their webpage: <https://www.readyforwildfire.org/prepare-for-wildfire/get-ready/defensible-space/>.

The Del Norte County Community Development Department should be contacted prior to modifying and/or removing any trees and/or vegetation to create and/or maintain defensible space. Modifying and/or removing trees and/or vegetation to facilitate defensible space may require permitting or may be unallowable if it is in conflict with other regulations including resource protection regulations of the County, state agencies other than CAL FIRE, and/or federal agencies.

Additionally, maintenance and/or creation of defensible space does not authorize trespass and/or vandalism on adjacent properties.
